SUMMARY

- ❖ Passionate and dedicated Frontend and Backend Developer with strong understanding of full-stack web development.

SKILLS

- ❖ C, C++, Java
- ❖ HTML, CSS, Javascript, React.js
- ❖ Node.js, Express.js, MongoDB
- ❖ Git, GitHub

EXPERIENCE

- ❖ **Full Stack Development Intern – Future Intern**

Remote | August 2025 – Present

Building full-stack web applications using **MERN Stack** (MongoDB, Express.js, React, Node.js)

Implementing responsive UI using **React, Tailwind CSS**, and **Figma designs**

Collaborating with a cross-functional team using Git, GitHub.

ACADEMIC PROJECTS

- ❖ **Online Trading Platform – Zerodha Clone**

Developed a full-stack online trading platform inspired by Zerodha using the MERN stack.

Implemented secure JWT-based authentication, a real-time dashboard for portfolio tracking, mock buy/sell order functionality, and an admin panel for user and order management.

Technologies – MongoDB, Node.js, React.js, Express.js, Bootstrap.

- ❖ **Product & Stock Management System**

Build a full-stack product and inventory management system using the MERN stack to manage stock levels, product data.

Included secure user authentication, CRUD operations for products, real-time stock updates.

Technologies – MongoDB, Node.js, React.js, Express.js, Tailwind CSS.

EDUCATION

- ❖ BCA | Maa Shakumbhari University, Saharanpur
- ❖ XII (UP Board) | Shri J.S.V.M. Inter College, Gangoh

CGPA: 7.4 | (2025)

74% | (2022)
